

The Domari Society
of Gypsies in Jerusalem

Greetings and Shalom from Jerusalem!

December 2022

Dear friends,

It's that time of the year again, where we want to express our thanks and gratefulness for your continued kindness, love and support. The Domari Gypsies Society, though hopeful, is in anticipation of what this new season will bring. However, this year is filled with the difficulty of what has changed all of our lives interminably.

That said, we are sending out our love through prayer as we approach Christmas and want to wish you God's Blessings for the New Year 2023!

With blessings and warmest regards,

Amoun Sleem
